[Docket No. 30719-138]

Attorney Disciplinary Rules

AGENCY: Patent and Trademark Office, Commerce

ACTION: Notice of proposed rulemaking

SUMMARY: The Patent and Trademark Office proposes to revise the rules of practice in patent and trademark cases, concerning standards of conduct and disciplinary procedures for attorneys and agents recognized to practice before the Office. The present rules do not go into detail as to the obligations arising under the standards of conduct, or as to the procedures for investigating complaints and conducting disciplinary actions. The proposed rules would spell out the obligations of those who practice before the Office, and the procedures for enforcing them, in sufficient detail to better achieve an even-handed regulation of the practice of attorneys and agents before the Office. The proposed rules would also reassign responsibility for administering these rules. However, the proposed rules would not change the current requirements and procedures for gaining recognition to represent applicants or other parties before the Office.

DATES: Comments must be received on or before September 29, 1983; a public hearing will be held September 29, 1983, beginning at 9:00 AM. Requests to present oral testimony should be received by September 22, 1983.

ADDRESS: Address written comments to the Commissioner of Patents and Trademarks, Washington, D.C. 20231, marked to the attention of William Feldman. The hearing will be held in Room 11C24 of Building 3, Crystal Plaza, located at 2021 Jefferson Davis Highway, Arlington, Virginia. Written comments and a transcript of the public hearing will be available for public inspection in Room 11A13 of Building 3, Crystal Plaza, 2021 Jefferson Davis Highway, Arlington, Virginia.

FOR FURTHER INFORMATION CONTACT: William Feldman, by telephone at (703) 557-2012 or by mail marked to his attention and addressed as indicated above.

SUPPLEMENTARY INFORMATION: This proposed rule change is designed in part to clarify the standards of professional conduct to which attorneys and agents must conform in representing applicants or other parties before the Patent and

Trademark Office. Sections 1.344 and 2.13, if amended as proposed, would require attorneys, agents and other persons appearing before the Office in patent and trademark cases, respectively, to conform to the standards of ethical and professional conduct set forth in the American Bar Association's current Code of Professional Responsibility. This change, coupled with the removal of §§1.345 and 2.14 which prohibit advertising, and the addition of §1.349, would make the rules consistent with the decisions of the United States Supreme Court in Bates v. State Bar of Arizona, 433 U.S. 350 (1977); Ohralik v. Ohio State Bar Association, 436 U.S. 447 (1978); and In re Primus, 436 U.S. 412 (1978).

Additional changes in §§1.344 and 2.13 are proposed which would specifically prohibit patent agents registered to practice under §§1.341(b) or 1.341(e) and persons recognized to practice under §§2.12(b) or 2.12(c), from holding themselves out to be an attorney, solicitor or lawyer. The prohibition would include all forms of communication since such representation would not only be false, deceptive and misleading but a misrepresentation of the authority granted the individual by virtue of their recognition to represent clients in patent and trademark cases. This prohibition has been added so that non-lawyers bound by a lawyer's code of responsibility will not mistakenly assume they can style themselves as lawyers.

A new §1.349 is proposed to prohibit advertising and solicitation specifically proscribed in 35 U.S.C. 32.

A new §1.360 is proposed to define the Commissioner's authority to conduct disciplinary proceedings.

The addition of a new §1.361 further concerning professional conduct is proposed. This proposed new section defines by means of a non-exclusive listing, conduct which is considered prima facie disreputable and would result in suspension or exclusion from practice. The purpose of this section is to augment §§1.344 and 2.13 which require adherence to the standards of ethical and professional conduct set forth in the Code of Professional Responsibility of the American Bar Association.

New §1.362 is proposed to replace §1.348(a). This section provides for a Director of Enrollment and Discipline. Under §1.362(b) the Director is assigned the responsibility previously assigned to the Solicitor for conducting investigations, preparing charges, collecting and presenting testimony, and presenting cases for suspension or exclusion from practice of attorneys and registered agents admitted to practice before the Office. Establishing the position of Director of Enrollment and Discipline will provide separation of the discipline function from the duties of the Solicitor and a full time investigative office to which complaints can be specifically directed. Moreover, the Solicitor will be available to counsel the Commissioner on disciplinary matters without conflict of

interest problems since the Solicitor will not have been involved in the investigation or presentation of the case for suspension or exclusion.

Proposed §§1.363-1.379 would specify in detail the procedures for initiation and conduct of disciplinary proceedings and would replace §1.348(b)-(e). Specifically, §1.363(a) would require disreputable conduct to be reported to the Director of Enrollment and Discipline. Section 1.363(b) would impose a duty on attorneys and registered agents to supply information concerning violation of the regulations to the Director of Enrollment and Discipline. Sections 1.363(c) and 1.364(a) would encourage the Director of Enrollment and Discipline to correspond and confer with a proposed respondent prior to instituting disciplinary proceedings. Section 1.364(b) would allow the Director of Enrollment and Discipline to accept resignations or voluntary suspensions in lieu of instituting disciplinary proceedings.

Proposed §1.363(c) would replace §1.348(b) and require the Director of Enrollment and Discipline to file a formal complaint to institute disciplinary proceedings. Section 1.365 would require the complaint to be plain and concise, and sets forth a time limit for respondent to file an answer to the complaint. This is not a significant departure from existing practice.

Proposed §1.366(a) is new to the rules and would provide methods for serving the complaint and obtaining proof of service. Section 1.366(b) similarly would provide for service of papers other than the complaint and would authorize the Administrative Law Judge or Commissioner to require express mail or hand delivery if warranted.

Proposed §1.367 would replace §1.348(c) and require the respondent to file an answer to the complaint which fully responds to each allegation of the complaint and also states any affirmative defenses. This would not be a significant departure from existing practice.

Proposed §1.367(e) would authorize use of a subpoena under 35 U.S.C. 24 to obtain evidence once an answer to the complaint has been filed.

Proposed §1.370 would provide for the filing of motions. Under this section the moving party would be required to confer with the opposing party and make a good faith effort to resolve the issue raised by the motion before making the motion. This section is new and is designed to expedite disciplinary proceedings by reducing issues.

Proposed §1.372 would replace §1.348(e) and provide for the appointment of an Administrative Law Judge to preside over disciplinary proceedings. Specific responsibilities of the Administrative Law Judge are delineated in §1.372(b). Requiring an Administrative Law Judge to preside over disciplinary

proceedings is designed to insure that the presiding official will be competent and experienced in deciding matters such as admissibility of evidence, etc.

Under proposed §1.373, disciplinary hearings would be held in all cases. The hearings would be recorded and transcribed. This section would replace §1.348(d) but would not depart significantly from present practice.

Under proposed §1.374, disciplinary hearings would not be open to the public unless the respondent requests an open hearing and the Director of Enrollment and Discipline does not object. Although the current rules are silent on this point, this is consistent with present practice.

Proposed §1.375 would provide general rules of evidence to be followed in hearings in disciplinary proceedings. Specific guidelines for taking depositions are set forth in proposed §1.376. This section would replace §1.348(d)(3) and specifically set time limits and conditions broadly referenced in the predecessor section.

Under proposed §1.377, specific guidelines for discovery and limitations on discovery are set forth. This section would depart from past practice but is consistent with the Court of Appeals' decision in Silverman v. Commodity Futures Trading Commission, 549 F.2d 28 (7th Cir. 1977).

Under proposed §1.378, the parties would have the right to file proposed findings and conclusions and a post-hearing memorandum prior to the initial decision of the Administrative Law Judge.

Under proposed §1.379, the Administrative Law Judge would be required to file a written initial decision in the case within six months from the date the complaint is served. This would be a significant departure from present practice under which no time limit is prescribed for filing the initial decision. This section is designed to expedite disciplinary proceedings.

Under proposed §1.380, either party may appeal the initial decision of the Administrative Law Judge to the Commissioner within thirty days of the initial decision. The Commissioner would make a final decision under proposed §1.381 after allowing the other party thirty days to file a reply brief. As in the past the respondent may seek review of the Commissioner's decision by petitioning the United States District Court for the District of Columbia.

Proposed §1.382(a) and (b) set forth the consequences of suspension or exclusion from practice as they now exist. Under proposed §1.382(c) a further sanction of revocation of privileges would be possible. This sanction is designed to prevent suspended or excluded practitioners from circumventing

the disciplinary action taken by the Office. Proposed §1.382(d) would provide for publication of the final order of suspension or exclusion from practice. Such publication is believed necessary to effect the disciplinary sanction under §1.382 and discourage disreputable conduct under proposed §1.361(f).

Under proposed §1.383 an excluded practitioner may petition for reinstatement after five years. In addition, this section suggests that a further penalty, the costs of the disciplinary proceeding plus interest, may be levied against an excluded or suspended practitioner as a condition for reinstatement.

Under proposed §2.16 attorneys and other persons representing applicants in trademark cases would be held to the same standards of professional conduct as registered attorneys and agents representing applicants in patent cases. Procedures governing disciplinary proceedings and reinstatement as specifically provided in §§1.362-1.383 would apply as well to trademark practitioners.

Environmental, energy, and other considerations: The proposed rule change will not have a significant impact on the quality of the human environment or the conservation of energy resources.

The proposed rule change is in conformity with requirements of the Regulatory Flexibility Act (Pub. L. 96-354), Executive Order 12291, and the Paperwork Reduction Act of 1980, 44 U.SC. 3501 et seq.

The Patent and Trademark Office has determined that this rule change is not a major rule under Executive Order 12291. The annual effect on the economy will be less than $100 million. There will be no major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions. There will be no significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic or export markets.

This rule change will not impose a burden under the Paperwork Reduction Act of 1980, 44 U.S.C. 3501 et seq., since no significant additional record keeping or reporting requirements are placed upon the public.

The duties of investigation, preparing charges, collecting and presenting testimony, and presenting a case for suspension, exclusion from practice or disbarment shall be performed by the Solicitor of the Patent and Trademark Office or, at his direction, by a designated law examiner or other person, and neither the Solicitor nor such law examiner or other person shall participate in any manner in the decision of the case. If, upon investigation of a complaint or other information concerning an attorney or agent, it shall appear to the Solicitor that grounds for suspension, exclusion from practice, or disbarment exist, he shall prepare and forward the necessary notice and statement.

The respondent in his answer should specifically admit or deny every material allegation of fact in the statement of charges; every allegation not denied shall be deemed admitted, unless the respondent states that he has no knowledge thereof sufficient to form a belief, which statement shall be considered a denial. Any special matters of defense shall be stated affirmatively in the answer. False statements in the answer may be made the basis of supplemental charges.

(d) Hearing. (1) Unless the Commissioner finds the answer sufficient to dispose of the charges, he will set the case for hearing before him, notifying the respondent and the Solicitor of the place, day and time of commencement of the hearing. Evidence as to the matters in issue may be submitted at the hearing, the testimony of witnesses being presented orally, under oath and reported.

(2) The hearing may be advanced and continued by the Commissioner as far as may be deemed convenient and proper.

8. §1.361 is proposed to be added and reads as follows:

(b) Giving false or misleading information, or participating in any way in the giving of false or misleading information, to the Patent and Trademark Office or any employee thereof, or to any tribunal authorized to pass upon matters administered by the Patent and Trademark Office in connection with any matter pending or likely to be pending before them, knowing the information to be false or misleading. Facts or other matters contained in testimony, applications for patents or trademarks, affidavits, declarations, or any other document or statement, written or oral, are included in the term "information."

(c) Misappropriation of, or failure properly and promptly to remit funds received from a client for the purpose of payment of fees to the Commissioner.

(d) Directly or indirectly attempting to influence, or offering or agreeing to attempt to influence, the official action of any employee of the Patent and Trademark Office by the use of threats, false accusations, duress or coercion, by the offer of any special inducement or promise of advantage or by the bestowing of any gift, favor, or thing of value.

In the event of the absence of the Director of Enrollment and Discipline or a vacancy in that office the Commissioner shall designate an employee of the Patent and Trademark Office to act as Director of Enrollment and Discipline.

(b) Duties. The Director of Enrollment and Discipline shall: conduct investigations; prepare charges; collect and present testimony and present cases for suspension or exclusion from practice of the attorneys and registered agents admitted to practice before the Patent and Trademark Office. The Director may perform other duties as are necessary and appropriate to carry out the Director's functions under this part or as prescribed by the Commissioner. The Director shall not participate in deciding any case.◀

10. §1.363 is proposed to be added and reads as follows:

▶§1.363 INITIATION OF DISCIPLINARY PROCEEDINGS◀

▶(a) Receipt of information. If an employee of the Patent and Trademark Office has reason to believe that an attorney or registered agent has violated any of the provisions of this part, the employee shall promptly make a report thereof which will be forwarded to the Director of Enrollment and Discipline. Any other person possessing information concerning violations or disreputable conduct may make a report thereof to the Director of Enrollment and Discipline or to any employee of the Patent and Trademark Office.

(b) Furnishing information. It is the duty of an attorney or registered agent who practices before the Patent and Trademark Office, when requested by the Director of Enrollment and Discipline, to provide the Director with any information the person may have concerning violation of the regulations in this part by any other person, and to testify thereto in any proceeding instituted under this part for the suspension or exclusion from practice of an attorney or registered agent, unless the person believes in good faith and on reasonable grounds that that information is privileged or that the request is of doubtful legality.

(c) Institution of proceeding. When the Director of Enrollment and Discipline has reason to believe that any attorney or registered agent has violated any provisions of the

laws or regulations governing practice before the Patent and Trademark Office, the Director may reprimand the person or institute a disciplinary proceeding for the suspension or exclusion from practice of that person. The proceeding will be instituted by a complaint which names the respondent and is signed by the Director of Enrollment and Discipline and filed in the Director's office. Except in cases of willfulness, or when time, the nature of the proceeding, or the public interest does not permit, the Director of Enrollment and Discipline may not institute a proceeding until the Director has called to the attention of the proposed respondent, in writing, facts or conduct which warrant institution of a proceeding, and has accorded the proposed respondent the opportunity to demonstrate or achieve compliance with all lawful requirements. An Administrative Law Judge will be appointed at the time the complaint is filed. A copy of the complaint will be given to the Administrative Law Judge.◀

11. §1.364 is proposed to be added and reads as follows:

▶§1.364 CONFERENCES◀

▶(a) General. The Director of Enrollment and Discipline may confer with an attorney or registered agent concerning allegations of misconduct whether or not a proceeding for suspension or exclusion from practice has been instituted.

(b) Resignation or voluntary suspension. An attorney or registered agent may avoid the institution or conclusion of a suspension or exclusion proceeding by offering his or her consent to suspension from practice before the Patent and Trademark Office. A registered agent may also offer a resignation. The Director of Enrollment and Discipline, at his or her discretion, may accept the offered resignation of a registered agent and may suspend an attorney or registered agent in accordance with the consent offered. Revocation of the privilege of using the Public Search Room and other facilities of the Patent and Trademark Office to perform work on behalf of others may be a condition of suspension or acceptance of resignation.◀

12. §1.365 is proposed to be added and reads as follows:

▶§1.365 CONTENTS OF COMPLAINT◀

▶(a) Charges. A complaint will give a plain and concise description of the allegations which constitute the basis for the proceeding. A complaint will be deemed sufficient if it fairly informs the respondent of the charges so that respondent is able to prepare a defense.

(b) Demand for answer. The complaint will state the place and time for filing an answer by the respondent. The time will be not less than fifteen (15), and no more than thirty (30), calendar days from the date of service of the complaint. Notice

will be given that a decision by default may be rendered against the respondent if the complaint is not answered as required.◀

13. §1.366 is proposed to be added and reads as follows:

▶§ 1.366 SERVICE OF COMPLAINT AND OTHER PAPERS◀

▶(a) Complaint. A copy of the complaint may be served upon the respondent by certified mail or by first-class mail sent to respondent's last address known to the Director of Enrollment and Discipline. The copy of the complaint may be delivered to the respondent or the respondent's attorney of record either in person or by leaving it at the office of the respondent, or attorney, or the complaint may be delivered in any manner which has been agreed to by the respondent. If service is by certified mail, the post office receipt signed by or on behalf of the respondent will be proof of service. If the certified mail is not claimed or accepted by the respondent and is returned undelivered, complete service may be made upon the respondent by mailing the complaint to respondent by first-class mail, addressed to the respondent at the address on file with the Committee on Enrollment or at the last address known to the Director of Enrollment and Discipline. If service is made upon the respondent or the respondent's attorney in person, or by leaving the complaint at the office of the respondent, or attorney , the verified return by the person making service, setting forth the manner of service, will be proof of service. If respondent is a registered agent or attorney a letter pursuant to §1.347 may be sent with the complaint. Respondent shall respond to said letter within fifteen (15) days from the date of the letter and such response shall constitute proof of service.

(b) Service of other papers. Any paper other than the complaint may be served upon an attorney or registered agent as provided in paragraph (a) of this section, or by mailing the paper by first-class mail to the respondent's attorney of record or if respondent is not represented by an attorney by mailing the paper by first-class mail to the respondent at the address on file with the Committee on Enrollment or at the last address known to the Director of Enrollment and Discipline. This mailing will constitute complete service. The Administrative Law Judge or Commissioner may require that service of papers be made by express mail or hand delivery.

(c) Filing of papers. When the filing of a paper is required or permitted in connection with a disciplinary proceeding, and the place of filing is not specified by this section or by rule or order of the Administrative Law Judge or by direction of the Director of Enrollment and Discipline, the papers should be filed with the Director of Enrollment and Discipline, Patent and Trademark Office, Washington, D.C. 20231. All papers will be filed in duplicate.◀

14. §1.367 is proposed to be added and reads as follows:

▶§1.367 ANSWER◀

▶(a) Filing. The respondent shall file an answer in writing with the Administrative Law Judge within the time specified in the complaint or notice of institution of the proceeding, unless, on application, the time is extended by the Director of Enrollment and Discipline or the Administrative Law Judge. A copy of the answer shall be served on the Director of Enrollment and Discipline.

(b) Contents. The respondent shall include in the answer a statement of facts which constitute the grounds of defense, and shall specifically admit or deny each allegation set forth in the complaint, except that the respondent shall not deny a material allegation in the complaint which respondent knows to be true, or state that respondent is without sufficient information to form a belief when in fact the respondent possesses that information. The respondent shall also state affirmatively special matters of defense.

(c) Failure to deny or answer allegations in the complaint. Every allegation in the complaint which is not denied in the answer is deemed to be admitted and may be considered proven, and no further evidence in respect of that allegation need be adduced at a hearing. Failure to file an answer within the time prescribed in the notice to the respondent, except as the time for answer is extended by the Director of Enrollment and Discipline or the Administrative Law Judge, will constitute an admission of the allegations of the complaint and a waiver of hearing, and the Administrative Law Judge may render a decision by default without a hearing or further procedure.

(d) Reply by Director of Enrollment and Discipline. No reply to the respondent's answer is required, and new matter in the answer shall be deemed to be denied, but the Director of Enrollment and Discipline may file a reply at the Director's discretion or at the request of the Administrative Law Judge.

(e) Contested Case. Upon the filing of an answer by respondent the proceeding shall be regarded as a contested case within the meaning of 35 U.S.C. §24. Evidence obtained by subpoena shall not be admitted into the record or considered unless the subpoena was previously authorized by the Administrative Law Judge.◀

15. §1.368 is proposed to be added and reads as follows:

▶§1.368 SUPPLEMENTAL CHARGES◀

▶If it appears that the respondent's answer, falsely and in bad faith, denies a material allegation of fact in the complaint or states that the respondent has no knowledge or information

sufficient to form a belief, when respondent in fact possesses knowledge or that information, or if it appears that the respondent has knowingly introduced false testimony during proceedings for respondent's suspension or exclusion from practice the Director of Enrollment and Discipline may file supplemental charges against the respondent. These supplemental charges may be tried with other charges in the case, provided the respondent is given notice and is afforded an opportunity to prepare a defense to them.◀

16. §1.369 is proposed to be added and reads as follows:

▶§ 1.369 PROOF; VARIANCE; AMENDMENT OF PLEADINGS◀

▶In case of a variance between the evidence and the allegations in a pleading, the Administrative Law Judge may order or authorize amendment of the pleading to conform to the evidence. The party who would otherwise be prejudiced by the amendment will be given reasonable opportunity to meet the allegation of the pleading as amended, and the Administrative Law Judge shall make findings on an issue presented by the pleadings as so amended.◀

17. §1.370 is proposed to be added and reads as follows:

▶§ 1.370 MOTIONS◀

▶Motions may be filed with the Administrative Law Judge. The Administrative Law Judge will determine on a case-by-case basis the time period for response to a motion. No motion will be considered by the Administrative Law Judge unless such motion is supported by a written statement by the moving party that the moving party or attorney for the moving party has conferred with the opposing party or attorney for the opposing party in an effort in good faith to resolve by agreement the issues raised by the motion and has been unable to reach agreement. If issues raised by the motion are subsequently resolved between the parties the moving party should advise the Administrative Law Judge in writing of the matters in the motion which no longer require a decision.◀

18. §1.371 is proposed to be added and reads as follows:

▶§1.371 REPRESENTATION◀

▶A respondent or proposed respondent may appear in person or be represented by an attorney who need not be registered to practice before the Patent and Trademark Office. The Director of Enrollment and Discipline may be represented by an attorney or other employee of the Patent and Trademark Office.◀

19. §1.372 is proposed to be added and reads as follows:

▶§1.372 ADMINISTRATIVE LAW JUDGE◀

▶(a) Appointment. An Administrative Law Judge, appointed as provided by 5 U.S.C. 3105, shall conduct disciplinary proceedings.

(b) Responsibilities. The Administrative Law Judge shall have authority to:

(1) Administer oaths and affirmations;

(2) Make rulings upon motions and requests; these rulings may not be appealed prior to the close of the hearing except at the discretion of the Administrative Law Judge or the Commissioner in extraordinary circumstances;

(3) Rule upon offers of proof, receive relevant evidence, and examine witnesses;

(4) Take or authorize the taking of depositions;

(5) Determine the time and place of hearing and regulate its course and conduct;

(6) Hold or provide for the holding of conferences to settle or simplify the issues by consent of the parties;

(7) Receive and consider oral or written arguments on facts or law;

(8) Make initial decisions;

(9) Adopt procedures and modify them from time to time as occasion requires for the orderly disposition of proceedings; and

(10) Perform acts and take measures as necessary to promote the efficient and timely conduct of any proceeding.◀

20. §1.373 is proposed to be added and reads as follows:

▶§1.373 HEARINGS◀

▶(a) Conduct. The Administrative Law Judge shall preside at hearings in disciplinary proceedings. Hearings will be stenographically recorded and transcribed and the testimony of witnesses will be received under oath or affirmation. The Administrative Law Judge shall conduct hearings in accordance with 5 U.S.C. 556. A copy of the transcript of the hearing shall become part of the record. A copy of the transcript shall be provided to the Director of Enrollment and Discipline and the respondent.

(b) Failure to appear. If either party to a disciplinary proceeding fails to appear at the hearing, after notice has been sent, the Administrative Law Judge may deem the absent party to have waived the right to a hearing and may make a decision against the absent party by default.◀

21. §1.374 is proposed to be added and reads as follows:

▶§1.374 HEARINGS AND RECORDS◀

▶A hearing in a disciplinary proceeding will not be open to the public except that the Director of Enrollment and Discipline may grant a request by a respondent to open his or her hearing to the public and make the record of the proceeding available for public inspection provided agreement is reached by stipulation in advance to exclude from public disclosure information which is privileged or confidential under applicable laws and regulations. However, if the hearing results in disciplinary action against an attorney or registered agent, the record of the proceeding will be available for public inspection.◀

22. §1.375 is proposed to be added and reads as follows:

▶§1.375 EVIDENCE◀

▶(a) Rules of evidence. The rules of evidence prevailing in courts of law and equity are not controlling in hearings in disciplinary proceedings. However, the Administrative Law Judge shall exclude evidence which is irrelevant, immaterial, or unduly repetitious.

(b) Depositions. Depositions of witnesses taken pursuant to §1.376 may be admitted as evidence.

(c) Government documents. Official documents, records, and papers of the Patent and Trademark Office are admissible in evidence without extrinsic evidence of authenticity. These documents, records and papers may be evidenced by a copy certified as correct by an employee of the Patent and Trademark Office.

(d) Exhibits. If any document, record, or other paper is introduced in evidence as an exhibit, the Administrative Law Judge may authorize the withdrawal of the exhibit subject to any conditions the Administrative Law Judge deems appropriate.

(e) Objections. Objections to evidence will be in short form, stating the grounds of objection and the record may not include arguments thereon, except as ordered by the Administrative Law Judge. Rulings on objections will be a part of the record. No exception to the ruling is necessary to preserve the rights of the parties.◀

23. §1.376 is proposed to be added and reads as follows:

▶§1.376 DEPOSITIONS◀

▶Depositions for use at a hearing may, with the approval of the Administrative Law Judge, be taken by either the Director of Enrollment and Discipline or the respondent or their authorized

representatives. Depositions may be taken upon oral or written questions, upon not less than ten (10) days written notice to the other party, before any officer authorized to administer an oath for general purposes or before an employee of the Patent and Trademark Office authorized to administer an oath. The written notice will state the names of the witnesses and the time and place where the depositions are to be taken. The requirement of ten (10) days notice may be waived by the parties in writing, and depositions may then be taken from the persons and at the times and places mutually agreed to by the parties. When a deposition is taken upon written questions, any cross-examination will be upon written questions. Copies of the written questions will be served upon the other party with the notice, and copies of any written cross-interrogatories will be mailed or delivered to the opposing party at least five (5) days before the date of taking the deposition, unless the parties mutually agree otherwise. A party on whose behalf a deposition is taken must file a transcript thereof with the Administrative Law Judge and serve one copy upon the opposing party. Expenses in the reproduction of depositions will be borne by the party at whose instance the deposition is taken.◀

24. §1.377 is proposed to be added and reads as follows:

▶§1.377 DISCOVERY◀

▶Discovery shall not be authorized except as follows:

(1) The Administrative Law Judge may require parties to file and serve, prior to any hearing, a pre-hearing statement which contains

(a) a list (together with a copy) of all proposed exhibits to be used in connection with a party's case-in-chief,

(b) a list of all proposed witnesses,

(c) the identity of government employees who have investigated the case and,

(d) copies of memoranda reflecting respondent's own statements to administrative representatives;

(2) After a witness testifies for a party, if the opposition requests, the party may be required to produce, prior to cross-examination, any written statement made by the witness;

(3) Requests for admissions, filed within such time as may be authorized by the Administrative Law Judge, which are to be admitted or denied and if denied a brief reason given for denial.◀

25. §1.378 is proposed to be added and reads as follows:

▶§1.378 PROPOSED FINDINGS AND CONCLUSIONS◀

▶Except in cases when the respondent has failed to answer the complaint, or when a party has failed to appear at the hearing, the Administrative Law Judge, prior to making an initial decision, shall afford the parties a reasonable opportunity to submit proposed findings and conclusions and a post-hearing memorandum in support of the proposed findings and conclusions.◀

26. §1.379 is proposed to be added and reads as follows:

▶§1.379 DECISION OF ADMINISTRATIVE LAW JUDGE◀

▶Within six (6) months from the date charges are served, the Administrative Law Judge shall make an initial decision in the case. The decision will include (a) a statement of findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law, or discretion presented on the record, and (b) an order of suspension, exclusion from practice or reprimand or an order of dismissal of the complaint. The Administrative Law Judge shall file the decision with the Director of Enrollment and Discipline and shall transmit a copy to the respondent or the respondent's attorney of record. In the absence of an appeal to the Commissioner or review of the decision upon motion of the Commissioner, the decision of the Administrative Law Judge will, without further proceedings, become the decision of the Commissioner of Patents and Trademarks thirty (30) days from the date of the decision of the Administrative Law Judge.◀

27. §1.380 is proposed to be added and reads as follows:

▶§1.380 APPEAL TO THE COMMISSIONER◀

▶Within thirty (30) days from the date of the initial decision of the Administrative Law Judge, either party may appeal to the Commissioner. An appeal by the respondent will be filed with the Director of Enrollment and Discipline in duplicate and will include exceptions to the decision of the Administrative Law Judge and supporting reasons for those exceptions. If the Director of Enrollment and Discipline files the appeal, the Director shall transmit a copy of it to the respondent. Within thirty (30) days after receipt of an appeal or copy thereof, the other party may file a reply brief in duplicate with the Director of Enrollment and Discipline. If the Director files the reply brief, the Director shall transmit a copy of it to the respondent. Upon the filing of an appeal and a reply brief, if any, the Director of Enrollment and Discipline shall transmit the entire record to the Commissioner.◀

28. §1.381 is proposed to be added and reads as follows:

▶§1.381 DECISION OF THE COMMISSIONER◀

▶On appeal from or review of the initial decision of the Administrative Law Judge, the Commissioner shall make a final decision. In making this decision, the Commissioner shall review the record or those portions of the records as may be cited by the parties in order to limit the issues. The Director of Enrollment and Discipline shall transmit a copy of the Commissioner's decision to the respondent. Review of the Commissioner's action may be had by petition to the United States District Court for the District of Columbia.◀

29. §1.382 is proposed to be added and reads as follows:

▶§1.382 EFFECT OF SUSPENSION OR EXCLUSION◀

▶(a) Exclusion. If the final order against the respondent is for exclusion from practice, the respondent will not thereafter be permitted to practice before the Patent and Trademark Office in patent and trademark cases unless authorized to do so by the Committee on Enrollment or the Commissioner.

(b) Suspension. If the final order against the respondent is for suspension, the respondent will not thereafter be permitted to practice before the Patent and Trademark Office in patent and trademark cases during the period of suspension.

(c) Revocation of privileges. Revocation of the privilege of using the Public Search Room and other facilities of the Patent and Trademark Office, for work to be performed on behalf of others may be a condition of suspension or exclusion from practice.

(d) Notice of suspension or exclusion. Upon the issuance of a final order for suspension or exclusion from practice, the Director of Enrollment and Discipline shall give notice of the order to appropriate employees of the Patent and Trademark Office and to interested departments and agencies of the Federal Government. The Director of Enrollment and Discipline may also give notice to the proper authorities of the State in which, and any Courts before which, the suspended or excluded person is licensed to practice as an attorney.◀

30. §1.383 is proposed to be added and reads as follows:

▶§1.383 PETITION FOR REINSTATEMENT◀

▶The Committee on Enrollment may entertain a petition for reinstatement from any person excluded from practice before the Patent and Trademark Office after the expiration of five (5) years following exclusion. The Committee on Enrollment may grant reinstatement if it is satisfied that the petitioner will conduct himself or herself in accordance with these regulations, and that granting reinstatement would not be contrary to the public interest. In issuing a final order, the Commissioner may impose as a condition for reinstatement that the person seeking reinstatement pay all or a portion of the costs and expenses of

the proceedings which led to suspension or exclusion, plus interest thereon from the date of suspension.◀

31. §1.384 is proposed to be added and reads as follows:

▶§ 1.384 SAVING CLAUSE◀

A proceeding for suspension or exclusion based on conduct engaged in prior to the effective date of these regulations may be instituted subsequent to such effective date, if such conduct would continue to justify suspension or exclusion under the provisions of these revised regulations.

32. §1.385 is proposed to be added and reads as follows:

▶§1.385 SPECIAL ORDERS◀

The Commissioner reserves the power to issue such special orders as he may deem proper in any disciplinary proceeding.

SECTION 1.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).
